

FDHS JV vs Harrisonburg
January 24, 2022
At Harrisonburg High School

The Fort JV's took a 54 – 45 whipping at the hands of an older, taller Harrisonburg team on January 24. The JV's missed the services of Gus Gutshall who was sidelined with a swollen ankle.

As has been the story all season long, turnovers, missed shots, and selfish play were the undoing of the team. There were seven turnovers in the first quarter and four in the second. The only thing that kept the JV's in contention is that HHS kept shooting and missing three point shots. Unfortunately, they frequently got offensive rebounds and scored in the paint.

At one point, HHS built their lead to 54 – 40 before Fort closed with a few baskets late in the fourth quarter.

I wish I could find something positive to write about this game...
